## September

| | | |
|---|---|---|
| Mechanical Factors in Cardiac Rupture | *Robert M. Kohn* | 279 |
| The Effect of Sitosterol on Radioactive Fat Absorption Patterns | *Donald Berkowitz, William Likoff, David M. Sklaroff* | 282 |
| The Effect of Calcium Chelation on Cardiac Arrhythmias and Conduction Disturbances | *Sidney Jick, Robert Karsh* | 287 |
| Right Bundle Branch Block with Right Ventricular Hypertrophy | *Rafael del Rio, Gustavo Medrano, Victor Rubio, Jaime Pérez Olea, Jorge Soín, Demetrio Sodi-Pallares* | 294 |
| Intermittent Right Bundle Branch Block Without Apparent Heart Disease | *Lawrence E. Lamb, Keith H. Averill, George Dermksian* | 302 |
| Suppressive Effect of Carotid Sinus Stimulation on Premature Ventricular Beats in Certain Instances | *R. Louis Cope* | 314 |
| Wolff-Parkinson-White Syndrome. A Vectorcardiographic, Electrocardiographic and Clinical Study | *Selvyn Bleifer, Melvin Kahn, Arthur Grishman, Ephraim Donoso* | 321 |
| Vectorial Interpretation of the Ventricular Complex in Wolff-Parkinson-White Syndrome | *João Tranchesi, Armênio C. Guimarães, Vitor Teixeira, Fulvio Pileggi* | 334 |
| Wolff-Parkinson-White Syndrome. Report of a Case with Several Types of P Waves, Varying QRS Contour and A-V Nodal Rhythm with Dissociation | *L. M. Sanghvi, S. N. Misra, K. Banerjee, K. Bose* | 341 |
| Multiple Variations of WPW Conduction in One Subject. Intermittent Normal Conduction and a False Positive Exercise Tolerance Test | *Lawrence E. Lamb* | 346 |
| The Pericardial Friction Rub in the Phonocardiogram | *K. Holldack, A. Heller, W. Groth* | 351 |
| Early Transient Mid-diastolic Murmur in Rheumatic Fever | *B. Z. Werbin* | 356 |
| Murmurs Erroneously Attributed to Congenital Intracardiac Shunts | *Jan Szatkowski* | 360 |
| Real and Apparent Apical Impulse in Tricuspid Lesions. Differentiation of Mitral and Tricuspid Murmurs and Sounds | *J. M. Rivero-Carvallo, A. Garza de los Santos* | 367 |
| Percutaneous Right Heart Catheterization Using Polyethylene Tubing | *Lenore R. Zohman, M. Henry Williams, Jr.* | 373 |
| The Ballistocardiogram in Functional Heart Disease | *Nahum J. Winer* | 379 |
| Cardiac Responses to Epinephrine and Norepinephrine During Prolonged Cholesterol and High Fat Feeding in Rabbits | *Kenneth I. Melville, Hyman E. Shister* | 391 |
| Congenital Pulmonary Artery Atresia with Associated Tricuspid Hypoplasia. Report of Two Cases | *E. Bifulco, J. L. Mangiardi, J. J. Sullivan, Jr.* | 401 |
| Claude Bernard on Cardiac Catheterization | *Alfredo Buzzi* | 405 |
| Mitral Stenosis or Rheumatic Carditis? | *A. A. Luisada, J. Szatkowski* | 410 |

Progress Notes in Cardiology . . . . . 412
Cardiac Resuscitation . . . . . 414
Workmen's Compensation for the Cardiac . . . . . 416
The Query Corner . . . . . 419
Book Reviews . . . . . 420
College News . . . . . 426
Announcements . . . . . 426

## October

Precordial Movements . . . . . *Tinsley R. Harrison* . . 427

The Changes in Right and Left Heart Pressures During Exercise and Recovery in Rheumatic Heart Disease . . . . . *Philip Samet, William H. Bernstein, Robert S. Litwak, Eugene M. Fierer* 430

Hemodynamic Findings in Heart Block with Slow Ventricular Rates . . . . . *David C. Levinson, Herbert Shubin, Lewis Gunther, John P. Meehan* 440

Some Unusual Manifestations of Cerebral Aneurysms . . . . *Robert Werman, Nicholas Christoff, Morris B. Bender* 452

The Electrograms of the Conductive Tissue in the Normal Dog's Heart . . . . . *Demetrio Sodi-Pallares, Gustavo A. Medrano, Abdo Bisteni, Alfredo de Michelli* 459

Further Observations on Flumethiazide. A New Oral Diuretic Agent . . . . . *Tibor Bodi, Morton Fuchs, Shinazo Irie, John H. Moyer* 464

Long Term Anticoagulant Therapy. A Six-Year Study of an Indandione Derivative . . . . . *William B. Rawls, Charles A. R. Connor* 470

Management of Thrombophlebitis with Phenylbutazone . . . *Irwin D. Stein* . . . 476

Combined Mitral and Aortic Stenosis. Clinical and Physiologic Features and Results of Surgery . . . . . *Joseph F. Uricchio, Harry Goldberg, K. P. Sinah, William Likoff* 479

Systolic Triple Rhythms . . . . . *Selvyn Bleifer, Melvin Kahn, Arthur Grishman, Ephraim Donoso* 492

Apical Diastolic and Presystolic Murmurs of Proved Functional Nature . . . . . *Aldo A. Luisada, Jan Szatkowski, Mario R. Testelli, Jesus Bendezú Prieto* 501

A Clinician's Approach to the Ballistocardiogram . . . . . *Edward W. Bixby, Jr.* . . 508

Ramazzini on Diseases of Runners and Miners (1713) . . . . *Saul Jarcho* . . . 514

Primary Pulmonary Hypertension with Death During Right Heart Catheterization. A Case Report and a Survey of Reported Fatalities . . . . . *Paolo Caldini, Goffredo G. Gensini, Murray S. Hoffman* 519

Idiopathic Cardiomegaly with Extreme Cardiac Enlargement. Hypoplastic Aorta as Primary or Secondary Factor? . . . . *William L. Hayes, E. Grey Dimond, James E. Crockett* 528

| | | |
|---|---|---|
| Cor Triloculare Biatrium with Pulmonary Stenosis | *Salem H. Lumish, Madhuker M. Deshmukh, William Likoff* | 535 |
| Coarctation of the Aorta in Father and Son | *Manuel J. Rowen* | 540 |
| Rupture and Dissection of Aorta in Marfan's Syndrome | *Matthew J. Ferguson, Antonio R. Clemente* | 543 |
| Coarctation of the Abdominal Aorta | *Morse J. Shapiro* | 547 |
| Evaluation of a Precordial Continuous Murmur. Rupture of Aneurysm of Sinus of Valsalva into the Right Ventricle | *Alfredo Buzzi* | 551 |
| Letter to the Editor | | 554 |
| Progress Notes in Cardiology | | 555 |
| Workmen's Compensation for the Cardiac | | 557 |
| College News | | 563 |

## November

| | | |
|---|---|---|
| Foreword | *David I. Abramson* | 565 |
| Blood Flow Redistribution in the Human Extremity. The Diversion Phenomenon | *Chester Hyman, Travis Winsor* | 566 |
| Pulse Registration as a Means of Evaluating Peripheral Vascular Patency and Vasomotor Activity | *Edward A. Edwards, Leslie Ottinger, Ugo Ruberti* | 572 |
| The Digital Circulation in Raynaud's Disease | *Milton Mendlowitz, Nosrat Naftchi* | 580 |
| Physiologic Aspects of Intravascular Clotting | *J. L. Koppel, John H. Olwin* | 585 |
| Some Simple Clinical Tests for the Study of the Arterial Circulation in the Extremities | *David I. Abramson* | 597 |
| Some Observations and Questions on the Medical Management of Intermittent Claudication | *Raymond Penneys* | 605 |
| Deep Venous Thrombosis and Pulmonary Embolism: Prediction, Prevention and Treatment | *William W. Coon, Park W. Willis, III* | 611 |
| Diagnosis and Surgical Approach to Aorticoiliac Arterial Disease | *Ormand C. Julian, Hushang Javid, William S. Dye, Sa'd El Issa* | 622 |
| Surgical Treatment of Femoropopliteal Arterial Occlusive Disease | *D. Emerick Szilagyi* | 632 |
| Evaluation of Lumbar Sympathectomy | *C. Thomas Flotte* | 644 |
| Ultra Low Frequency Precordial Movements—Kinetocardiograms | *E. E. Eddleman, Jr.* | 649 |
| The Recognition and Differentiation of Right Ventricular Pressure and Flow Loads. A Correlative Study of Kinetocardiograms, Electrocardiograms, Fluoroscopy, and Cardiac Catheterization Data in Patients with Mitral Stenosis, Septal Defect, Pulmonic Stenosis and Isolated Pulmonary Hypertension | *E. E. Eddleman, Jr., H. Duke Thomas* | 652 |
| Estimation of Pulmonary Artery Pressure and Pulmonary Vascular Resistance from Ultra Low Frequency Precordial Movements (Kinetocardiograms) | *E. E. Eddleman, Jr., M. Leo Hughes, H. Duke Thomas* | 662 |
| Low Frequency Tracings of Precordial Displacement and Acceleration: Technical Comparison of Various Systems | *Leslie Michael Rosa, Aldo A. Luisada* | 669 |
| Further International Efforts for Standardization of Phonocardiography | *J. B. Kleyn, K. Holldack, Aldo A. Luisada* | 675 |

Persistent Left Superior Vena Cava — *Goffredo G. Gensini, Paolo Caldini, Francesco Casaccio, S. Gilbert Blount, Jr.* — 677

Newer Technics Helpful in the Study of Regurgitant Lesions of the Cardiac Valves — *Joseph F. Uricchio, J. Stauffer Lehman, William Lemmon, Edward A. Fitch, Randal A. Boyer, William Likoff* — 686

Description of Congenital Pulmonary Atresia and Tricuspid Stenosis (Delmas, 1826) — *Alfredo Buzzi* — 691

Myocardial Infarction Pattern Disclosed by Ventricular Extrasystoles — *Jacob J. Silverman, Siegfried Salomon* — 695

Progress Notes in Cardiology — 698

Cardiac Resuscitation — 700

Workmen's Compensation for the Cardiac — 703

The Query Corner — 705

## December

The Editor's Progress Report — *Simon Dack* — 707

Why an Encyclopedia of Cardiology? — *A. A. Luisada* — 708

Stress As an Etiologic Factor in Essential Hypertension — *Lewis C. Mills* — 711

The Relationship of the Adrenal Cortex to Hypertension — *Lewis C. Mills, Efthimios Pontidas* — 719

Epidemiology of Hypertension with Particular Reference to the Bahamas. I. Preliminary Report of Blood Pressures and Review of Possible Etiologic Factors — *Marvin Moser, Richard Morgan, Malcolm Hale, Sibley W. Hoobler, Richard Remington, H. J. Dodge, Alice I. Macaulay* — 727

Observations on Flumethiazide in the Treatment of Essential Hytension — *Joseph B. Rosenfeld, John Beem, Albert Brest, John H. Moyer* — 734

A Comparison of Hydrochlorothiazide and Chlorothiazide in the Treatment of Hypertension — *Lawrence E. Meltzer, Lambert G. Eichner, Erdal Ural, J. Roderick Kitchell* — 741

Clinical Evaluation of Trimethidinium Methosulfate. A New Ganglioplegic Agent — *James G. Janney, Jr., Carlo Caciolo, George W. Duane, S. R. Venugopala Reddy, A. K. Simonidis* — 745

Transmembrane Cationic Gradient and Blood Pressure Regulation. Interaction of Corticoids, Catecholamines and Electrolytes on Vascular Cells — *Wilhelm Raab* — 752

Experiences with Coarctation of the Aorta — *Charles P. Bailey, William M. Lemmon, Benjamin G. Musser* — 775

Diuretic Therapy in Syndromes Associated with Sodium and Water Retention — *John H. Moyer, Morton Fuchs* — 786

| | | |
|---|---|---|
| Left Ventricular Angiocardiography in the Diagnosis of Persistent Atrioventricular Canal and Related Anomalies | *Eugene Braunwald, Andrew G. Morrow, Theodore Cooper* | 802 |
| Functional Heart Disease in the Civil War (Da Costa, 1871) | *Saul Jarcho* | 809 |
| Synchronization and Accrochage in the Presence of Incomplete Heart Block | *Joseph H. Yahini* | 818 |
| The Murmur of Mitral Stenosis: Modification by A-V Dissociation | *Marvin A. Sackner, Doris Somerson, Samuel Bellet* | 821 |
| Escape-Capture Bigeminy. Bigeminal Rhythm Due to 3:1 S-A Block Associated with A-V Dissociation | *L. M. Sanghvi, K. Banerjee* | 825 |
| Book Reviews | | 828 |
